

For the next lecture...

We are going to work on an incomplete code for Adeline -

"Adeline_Incomplete.mq4". Download it

here: <https://www.dropbox.com/sh/ewr1buaa5afb72s/AACS7Xlh7HCCyNTN5KyX8GwGa?dl=0>

Important Note

All the robots in this course are to be used for educational purposes only. Do not expect the robots to be wildly profitable. Do not attempt to use these robots for live trading without understanding their rationale and modifying them appropriately. These robots are not backtested or optimised.
